

H2 Overview

About

H2 (h2.co) is the premier global leadership network for the technology industry supporting startup ecosystems around the world. Founded in 2010 and headquartered in Silicon Valley, our mission is to connect, educate and support leaders in innovation centers worldwide through our global network, platform and content.

H2 operates as a global nonprofit organization under section 501(c)(3) of the US Internal Revenue Code. Our activities are directly supported through the participation of our member and partner communities across the globe. H2's global leadership [team](#) is comprised of accomplished industry operators and leaders from the startup, corporate, investor and academic communities.

Membership

H2's membership consists of entrepreneurs, executives and investors from leading regional startups, global companies and early to growth stage funds in major technology centers across the globe. Qualifying criteria for membership consideration are as follows:
